Staging 101 Choral & Seated Risers

Staging 101 Choral and Seated Risers are available in Carpet or Industrial Finishes and in wedged or straight configurations. They are built of a high quality plywood construction with a 16-gauge steel frame and steel tubing legs. Staging 101 choral and seated risers also feature a 10 year warranty.

Choral and Seated Riser Features

- Available in **Black Industrial Finish** and **Gray Carpet Finish**.
- Fast easy set-up by 2 people.
- Perfect for schools, churches, hotels, exhibition halls and many other applications.
- Mostly for indoor use. Should be installed on a flat surface.
- Strong metal box frame construction around platform perimeter.
- Box frames provide a wide grip for easy carrying, assembly and tear down.
- Folding legs are directly secured to the box frame.
- Legs lock firmly in place.
- Platform surface has a seamless, smooth, no-trip design with dancers and performers in mind.

Professional, modular, adjustable....

High Quality and Easy to use!

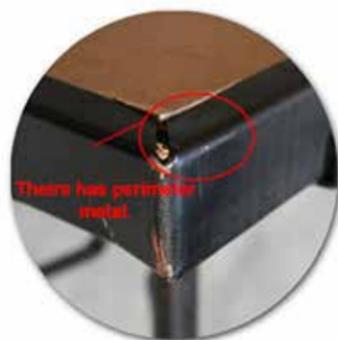

Quality Construction, you can Trust!

No-trip Design - Seamless Surface

Our Platform Surface has a Seamless, Smooth, No-Trip Design with performers in Mind. Theirs has a metal perimeter that can lead to tripping during performances

Staging 101

Competitors

Continuous Tubular Frame Construction

Our panels feature a strong continuous tubular frame construction that produces a seamless support structure. Our competitor's panels use a weaker C-channel stamped frame that includes multiple breaks and seams that can weaken the support structure.

Staging 101

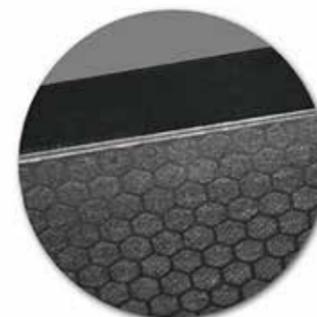

Competitors

Thickness of Panels

Individual panels measure 2" (5 cm) thick when the legs are collapsed. The top surface of each panel is composed of strong 3/4" (2cm) premium plywood.

Staging 101

Competitors

Easy to Handle Frames

Staging 101 Frames are Sturdier and More Comfortable to Pick Up & Install. Our panels provide 1.5 inches of hand support while our competitors only offer .5 inches.

Staging 101

Competitors

Sturdy Legs

Our sturdy legs connect directly to a strong tubular frame..

Staging 101

Competitors

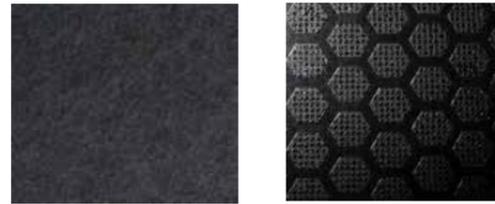

Straight Choral Risers

Staging 101 Choral Risers are constructed of high quality plywood with a 16-gauge steel frame and 16-gauge steel tubing legs and they feature a 10 year warranty. Choral risers are 6' x 18" (1.8m x .45m).

* How capacity of people on riser is calculated.

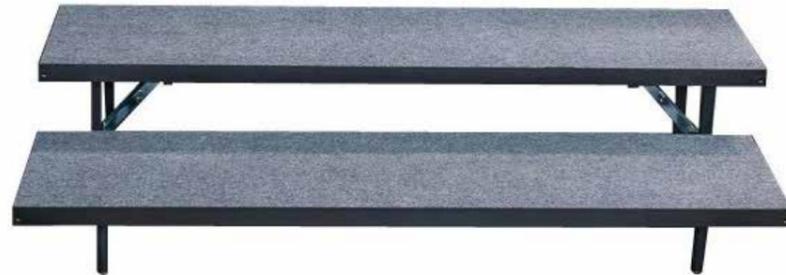

The first capacity is calculated with 1.5 feet of space per person and no people standing on the ground in the first row. The second capacity includes the first row of people standing on the ground.

Straight Seated Risers

Staging 101 Seated Risers are constructed of high quality plywood with a 16-Gauge steel frame and 16-gauge steel tubing legs and they feature a 10 year warranty. What makes Staging 101 risers unique is that straight and wedged sections can be combined together easily to form different configurations (many competitor's risers do not have this option).
